

SH 2/EP switch bracket

- For fastening a sensor and attaching to the belt end of a conveyor section
 - Suitable for querying the workpiece pallet position
 - The short length of the switch bracket enables recognition of the operating status of the sensor
 - The switch bracket is not traversable
-
- Simple, fast mounting and replacement of the sensor without adjustment through flush installation with defined sensing range
 - Suitable for mounting on an ST 2/... section with a profile width of 45 mm or an ST 2/...-H section with a profile width of 50 mm
 - Changing the sensor is quick and easy by loosening a separate clamping screw. The switch bracket stays in position

Technical data

No.		3842559549
Material entry		Steel, PA 66

Dimensions

Accessories

Required accessories

Sensor M12, $S_N = 8 \text{ mm}$, $L \geq 44 \text{ mm}$
can be installed flush or not flush
