

Tool holder

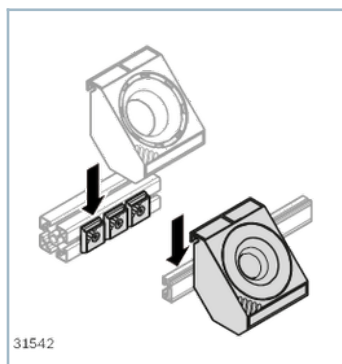

- For ergonomic and handy positioning of tools at the workstation
 - Round and oval bucket-trays, open or closed base, for insertion in matching tool holders
-
- Round and oval bucket-trays, open or closed base, for insertion in matching tool holders
 - Four different positions possible for oval bucket-trays in tool holders for ergonomic picking and placing
 - Tool holder to hang in a suspension profile or container mount
 - Tool holder with space for adhesive label
 - Time savings of 10 % to 20 % according to MTM achievable due to–
Defined space for fast retrieval
 - 45° docking aids in bucket-tray for ergonomic, easy depositing and removing of tools
 - 45° inclination of the tool holder for easy picking

Product description

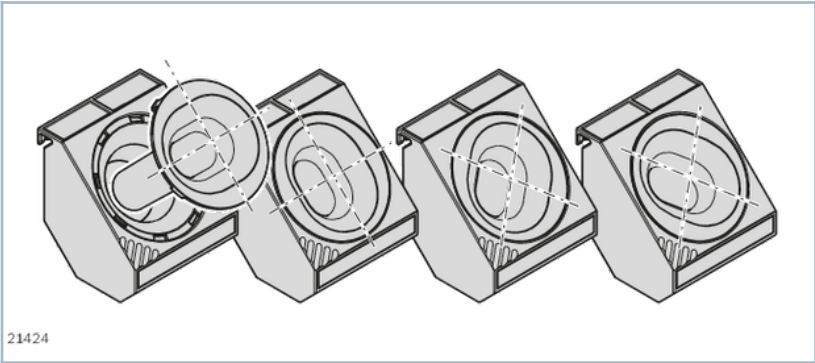

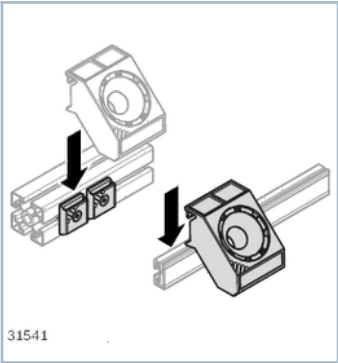

- A Tool holder D52
- B Bucket-tray D52-9 (without base)
- C Bucket-tray D52-15 (without base)
- D Bucket-tray D52-15 (with base)
- E Tool holder D91
- F Bucket-tray D91-32 (with base)
- G Bucket-tray D91 Oval53 L100 (with base)
- H Bucket-tray D91 Oval53 L136 (with base)

Tool holder D52 for bucket-trays D52-9 and D52-15 for suspending in suspension profile or container mount

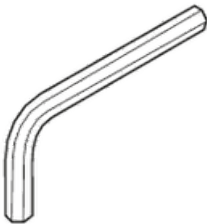

Tool holder D91 for bucket-trays D91-32, D91 Oval53 L100 and D91 Oval53 L136 for suspending in suspension profile or container mount
