

Joint 45x45 lockable

- For adjustable or rigid profile connections
- For high loads up to 100 Nm in the swivel direction
- Positive interlocking thanks to Hirth toothed coupling
- Swivel range 180°
- Easy adjustment in the 5° modular dimensions

HowTo Video

- Marking with a 5° graduation for easy detection of the adjustment angle
- Clamping and convenient adjustment of joint using a clamping lever or screw
- Profile finishing: Not required (self-cutting screw for end face to end face connection)
- Compatible with joint 45x45 and joint 45x45 support
