

Tube clip D28, strut profile holder D28x55, flexible bridge

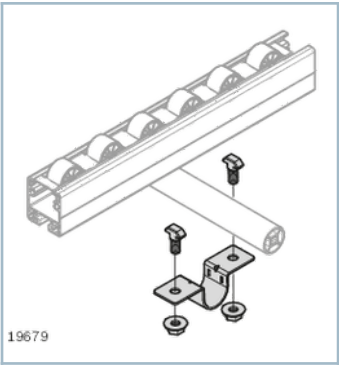

- Components for constructing manual conveyor sections
- Based on multi-functional U-profile
- Flexible bridge with maximum tilt ($\alpha_{\max}$) in relation to the horizontals:
 - For round tube D28: $\alpha_{\max} = 40^\circ$
 - With strut profile D28x55: $\alpha_{\max} = 30^\circ$

Product description

Flexible bridge
