

Slider, slot 8 mm flat lockable, accessory

- Suitable for clamping using a sliding block and a clamping lever
- For constructing low-wear guides

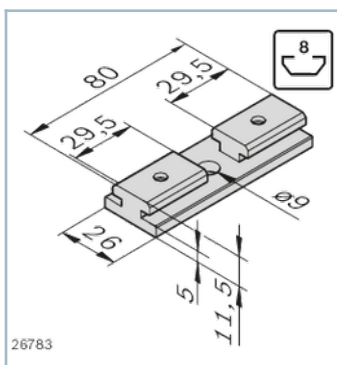

27-476

Product description

Dimensions

Slider, flat lockable N8

Technical drawing of a 3000mm long extrusion. The drawing shows a side view and a cross-section. The side view dimensions are 80, 25, 25, and 15. The cross-section dimensions are 99 and $\text{Ø}2.8$.

Technical drawing of a mechanical part, labeled 26133. The part is a U-shaped bracket with a central slot. Dimensions are given in millimeters: total length 77, slot length 10, distance from end to slot start 23, and slot width 8. The part has a thickness of 1 and a fillet radius of 0.1. A detail view of the fillet is shown in the top right corner.
